Career Objective

Curious and detail-oriented data science student with a solid engineering foundation. Skilled in data analysis, machine learning, and visualization, passionate about uncovering insights and delivering smart solutions. Seeking opportunities to apply knowledge to real-world challenges, support data-driven decisions, and contribute to innovative projects while continuously learning.

Educational Qualification

Course	Board/University	Institution	Percentage
B.E. CSE - Data Science (2022-Current)	VTU Board	SJB Institute of Technology	8.3 CGPA
Higher Secondary (XII) (2020-2021)	Karnataka State PU Board	MES MPL Prof Sastry PU College	95.01%
Secondary (X) (2018-2019)	Karnataka Secondary Education Board	Swami Vivekananda English High School	92.64%

Projects

E-Commerce Sales Analytics [Tech Stack: HTML, CSS, JavaScript, MongoDB, Node.js, Express.js, GitHub]

- Performed exploratory data analysis to identify sales trends and customer behavior patterns.

- Created visual insights to support data-driven business decisions.

Weather Forecast Web Application [Tech Stack: HTML, CSS, JavaScript, OpenWeather API]

- Built a web application to display real-time weather data using external APIs.
- Implemented asynchronous data fetching for improved user experience.

Cloud-Based Anomaly Detection System [Tech Stack: Python, Scikit-Learn, Flask API, Streamlit, MongoDB]

- Built an end-to-end anomaly detection solution with data simulation, model training (Isolation Forest, One-Class SVM, Autoencoder), and REST API integration.

Skills

- Programming: C, Python, HTML, CSS, Java
- Databases: MongoDB, SQL
- Tools and Platforms: Tableau, Power BI, Excel, Jupyter Notebook, GitHub
- Core Competencies: Problem-Solving, Analytical Thinking, Communication, Team Collaboration

Certifications

- Git skill up –Geeks for Geeks [[Certificate](#)]
- DSA using C & C++ – Udemy [[Certificate](#)]
- Power BI for Business Professionals– Infosys Springboard [[Certificate](#)]
- Tableau in 7 steps – Infosys Springboard [[Certificate](#)]
- Basics of Business Communication – Infosys Springboard [[Certificate](#)]

Publications

“Survey on Cloud-Based Anomaly Detection in E-Commerce using Machine Learning” Published research focusing on ML-based intrusion and fraud detection techniques in cloud environments. [[Certificate](#)]
